

# GRETCHEN WHITMER

Michigan's Unrepentant Worst Governor

camera to learn more

[RescueMichigan.com](https://RescueMichigan.com)

She declared herself Dictator.

She shut down our schools, our churches,  
our businesses, our gyms, and our lives.

She sent Covid patients into nursing homes.

She ordered us to stay at home while she  
vacationed in Florida with her family.

She labeled those who dissented as "dangerous."

**SHE RUINED OUR ONCE-GREAT STATE.**

# MICHIGAN'S LOCKDOWN HELL

Under Whitmer's "quarantine the healthy, expose the sick" program, Covid patients were intentionally sent into nursing homes, causing untold deaths (because Whitmer covered the numbers up). 75-year old Army veteran Norman Bledsoe suffered a worse fate. He was punched in the face more than 50 times and robbed by a known psychopath, sent into his nursing home under Whitmer's Covid policy. Bledsoe died 2 weeks later. His killer was deemed incompetent to stand trial.

Days after labeling people protesting her draconian lockdowns as disease-spreading killers, Whitmer herself marched in a "super spreader" protest in Lansing that quickly devolved into a violent riot.

## BIG GRETCH: BIG FAT HYPOCRITE

Gretchen Whitmer ordered not only the most radical deprivation of civil liberties in Michigan history, but **also the most idiotic and arbitrary**. She ordered stores close sections selling seeds plants, paint, and flooring. "You're in the store, but you can't buy that." She closed boat docks, preventing the public from enjoying clean air. Then her husband was caught trying to use her status to cut ahead of the people she made to wait.

Then she told everyone in Michigan not to travel, especially to Florida. She was soon discovered in Florida: "To visit her father for important family reasons." To her, Gretchen's family matters, **not yours**.

*"I had to visit my Gram through a window after she almost died of sepsis" - a Michigander, describing the torment imposed by Whitmer's orders, from which she exempted herself and her family.*

## DAMAGING OUR KIDS FOR LIFE

Nursing home deaths. Thousands of businesses destroyed and jobs lost. People isolated and left in despair. But nobody was harmed more permanently than Michigan's children. Mask mandates damaged young children's ability to learn facial expressions. School closures stunted their socialization skills and academic achievement. Kept away from friends, sports, and romance, teenagers turned to drugs, alcohol, and suicide. **Gretchen Whitmer's lockdowns damaged them for life.**

## RESCUE MICHIGAN NOVEMBER 8!
