

Deranged Dana Nessel:

America's Most Demented Attorney General

DRUNK: Dana Nessel had to be removed from the Michigan/MSU game after passing out. Nessel later tweeted that she only had 2 drinks and needed to go home before she would have vomited on a constituent. Then she deleted her tweet.

Nessel Tormented Suffering Business Owners

While Gretchen Whitmer destroyed countless Michigan businesses with lockdown orders later found to be illegal, Dana Nessel charged those who resisted their destruction and taunted them. In charging one woman, Nessel harped on the fact she had appeared on Tucker Carlson, underscoring her political motivations behind the charges.

The Failure of Flint

Just to give herself political credit, Nessel fired the special prosecutor bringing charges of wrongdoing in the Flint water crisis so she could

charge them herself. Instead, Michigan courts threw out all of her charges for various reasons of prosecutorial incompetence. The Michigan Supreme Court dismissed several charges unanimously as a "Star Chamber comeback" in reference to secret proceedings without juries or witnesses.

Covered Up Nursing Home Deaths

Dana Nessel continuously refused to investigate governor Gretchen Whitmer's cover-up of nursing home deaths connected to her "quarantine the healthy, expose the sick" policy. An Auditor General report found 2,386 more long-term care Covid deaths than Whitmer's office tallied.

Deranged Dana Nessel's Obsessions: Children and Sex

“Drag queens make everything better!
Drag queens are fun!
A drag queen for every school!”

Dana Nessel's call for "a drag queen for every school" would be a sick joke, if not for the fact that drag queens are mobilizing to infiltrate children in Michigan schools.

Nessel endorses **Proposal 3**, which would create a "right" for children to change their sex without their parents' knowledge or consent.

DEMENTED: In an actual campaign ad, Dana Nessel argues that you should vote for her, and not for men, just because she doesn't have a penis.

SICK: During the height of the Covid-19 pandemic, when we were suffering, dying, locked down and in a panic, Dana was sad she didn't invest in a sex doll company.

Nessel: “Bloated” Sex Offender Registry Too Punitive

In court, Nessel argued that the sex offender registry should be hidden from the public and sex offenders should be allowed to live and work near schools and attend school sporting events, choir concerts, and carnivals at kids' schools.

"It also makes it difficult for offenders to rehabilitate and reintegrate into the community because they are limited in where they can live, work, or even attend their children's school functions." - Dana Nessel, 2/8/19
