

The IDF's Latest Blow Against the Jihadists in Gaza

JIHAD WATCH AND THE LEFT COLUMN

The British journalist Brendan O'Neill reports on the IDF's recent renewal of fighting in Gaza, where it has devastated what remained of Hamas' leadership, and on how the Western media, instead of celebrating, has been denouncing Israel for this achievement. More on O'Neill's furious reaction to that media coverage can be found here: "Why don't [...]"

Robert likes to call the UK "shattered, staggering, dhimmi Britain." I've always thought that an exaggeration, but the evidence keeps piling up that he is right. The latest horror story is about an employee of the Severn Trent Water Supply, Damon Joshua, a sewage worker who, on October 7, 2024, as part of a social [...]"

India: Muslim gang kidnaps and tortures Hindu man for talking to a Muslim woman

The Qur'an forbids Muslim women to marry "idolaters": "Do not marry idolatresses until they believe, for indeed, a believing slave woman is better than an idolatress, even though she pleases you. And do not give your daughters in marriage to idolaters until they believe, for indeed, a believing slave is better than an idolater, even [...]"

Mahmoud Khalil Hid His Work with UNRWA

More on the latest news about Mahmoud Khalil can be found here: "US says Columbia student Mahmoud Khalil hid UNRWA work," Reuters, March 24, 2025: The [...]"

Pakistan: Woman arrested on charges of blasphemy on TikTok

In the enlightened West, you don't get arrested for blasphemy against Islam. At least not yet. But you do get fired from your job. "Pakistani TikToker arrested on blasphemy charges," India Blooms News Service, March 22, 2025: India, March 22 — Pakistani police have arrested a TikToker on allegations of blasphemy from the country's Muzaffargarh [...]"

Maine Gov Responds to Trump's Demand for Apology, and It's About What You'd Expect

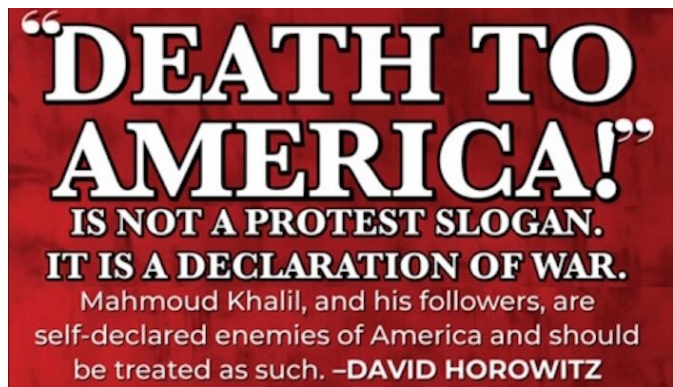

New in PJ Media: You know how it's going to be: no matter what Trump says or does, for the far left, it will be wrong, stupid, immoral and more, all rolled into one. And so when Trump demanded that Maine's Democrat Gov. Janet Mills apologize for her initial defiance of Trump's executive order banning [...]

Muslim cleric: US 'doesn't oppose this or that person. Based on verses from the Quran, their problem is with Allah.'

Mar 25, 2025 5:00 pm By Robert Spencer

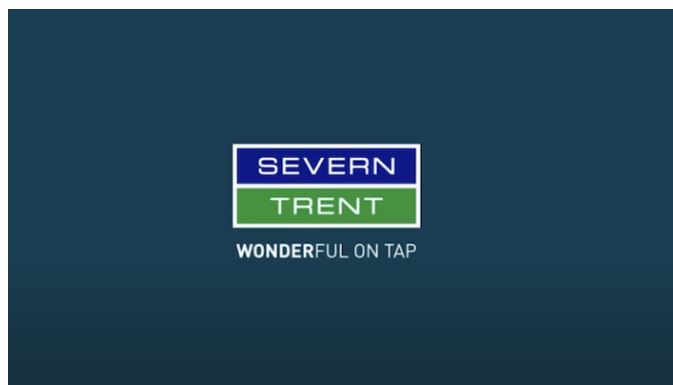

Yet again, one side says this is a religious war, and once again, the other side will ignore this. Is it really wise to refuse to consider the implications of what those who chant for your destruction say about what motivates them? "Iranian cleric urges 'Death to America' chants until US comes to its senses," [...]

Hamas in America

Mar 25, 2025 3:00 pm By Daniel Greenfield

Tammy Baldwin, and 103 House Democrats rallied in support of Mahmoud Khalil: an organizer in a Columbia University terrorist movement that called for [...]

DEI Gets Man Fired for Condemning Hamas

Mar 25, 2025 1:00 pm By Daniel Greenfield

"The terminology being used includes very derogatory words" and "is very one-sided." Supporting Hamas is diverse and inclusive. Opposing it? Definitely not. Damon Joshua was dismissed by Severn Trent Water after he described Hamas as "a group of violent and disgusting terrorists" in a post on the company's staff intranet website on the anniversary of [...]

Mar 25, 2025 11:00 am By [Christine Douglass-Williams](#)

Leftists/Marxists/Antifa stirring revolution, anarchy and war against America from within is nothing surprising or new. Look for them anywhere and everywhere. Attorney general Pam Bondi has called the Tesla arson attacks “nothing short of domestic terrorism.” That’s exactly what they are, and they should be treated as such. The left has been relatively quiet since [...]

Jailed Erdogan rival named opposition candidate for Turkey’s 2028 presidential election

Mar 25, 2025 9:00 am By [Christine Douglass-Williams](#)

The trend in Turkey has been clear. The population wants the Islamic supremacist despot, Recep Tayyip Erdogan, out. But fascists use any means, no matter how low or violent, to cling to power. Erdogan’s long-ruling Justice and Development Party (AKP), which rose to power in 2002, Islamized Turkey’s once-thriving secular society, corrupted elections, and seized [...]

Chicago: Muslim cop vandalizes rabbi's car, is not fired from the force or even disciplined

If a Jewish cop had vandalized a Muslim cleric's car, do you think the police would have been slow to fire him? Also, we would be inundated with propaganda about "Islamophobia." But this gets little notice. EXCLUSIVE: Chicago Police Officer Mohammed Khan was caught kicking an elderly rabbi's car mirrors after issuing a ticket. Rabbi [...]

India: Pro-Muslim state tables '4% Muslim quota bill' after presenting 'halal budget'

Members of the political party have gone as far as to accuse Hindu organizations of terrorist attacks in [...]

‘House of David’ Replaces Jews With Muslims

Biblical Israel just wasn’t diverse enough. The story of the rise of David, a shepherd boy, into a hero, a king and one of the great religious lyricists, is a phenomenal drama that Hollywood has fumbled again and again. For different reasons. 1951’s ‘David and Bathsheba’ was the typical clunky overdramatized spectacle of the era [...]

Niger: Muslims surround mosque, murder 44 other Muslims for being the wrong kind of Muslims

The Qur’an forbids Muslims to kill other Muslims (4:92), but the Islamic State jihadis likely considered their victims hypocrites or apostates for rejecting their authority. “Dozens of civilians killed in jihadi attack in Niger, authorities say,” by Mark Banchereau, Associated Press, March 22, 2025 (thanks to The Religion of Peace): DAKAR, Senegal — An attack by [...]

Even the Man Who Likened Trump to a Defiant Child Thinks the Judges are Out of Line

New in PJ Media: When you've lost Bill Barr, you really don't have a case. Even Bill Barr, who was Donald Trump's attorney general from Feb. 2019 to Dec. 2020 but had a bitter falling-out with him, thinks that the activist far-left judges who are blocking Trump's efforts to deport criminal migrants are going too [...]

Mar 25, 2025 4:00 pm By [Hugh Fitzgerald](#)

Under Prime Minister Anthony Albanese — no connection to the UN's viperous queen of antisemitism, Francesca Albanese, the Special Rapporteur on Conditions in the Occupied Palestinian Territories, save in his lack of sympathy for Israel — Australia's relations with Israel have taken a turn for the worse. Under Prime Ministers John Howard and Tony Abbott, [...]

In Toronto, the police worked hard to get ready for this annual display of homicidal hatred. [...]

Germany: City of Berlin hosts Ramadan event in front of church as 'gesture against the shift to the right'

Mar 25, 2025 12:00 pm By Robert Spencer

So on the one side there is the left and the exponents of political Islam, and on the other side is their common enemy, "the right," or more commonly, "the far right." Germany doesn't stand a chance. "City of Berlin hosts Ramadan fast-breaking in front of church! – District mayor calls it a 'gesture against [...]"

More on this change in the IDF's security doctrine [...]

U.S. airstrikes kill 'key Houthi leadership' in Yemen, strikes to continue indefinitely

Mar 25, 2025 8:00 am By [Christine Douglass-Williams](#)

Back in November, the US and UK "launched multiple airstrikes against targets" at the Houthi stronghold in the Yemen capital of Sana'a, and in "other regions" across the country. It was "in response" to the Houthis' "operations against Israel," and their hijacking of the Red Sea. But the Houthis still escalated, and now are facing [...]
