Iran: Senior ayatollah tells US that Iranian people 'will wipe you off the face of history and politics'

Meanwhile, in the U.S., prominent “influencers” tell us that Iran, which is working on developing nuclear weapons, is no threat to the U.S., and that only “the Jews” are insisting otherwise in order to advance the cause of a “Greater Israel” in the Middle East. The only people who could believe this are those who [...]

Visas for Terrorists, No Visas for Israelis

Opposing the deportation of campus terrorists isn't about free speech. It's about supporting terrorists. After the Trump administration moved to deport foreign campus terrorist supporters, including Momodou Taal, who had urged student protesters to take their cue from Hamas and tweeted "absolutely anyone the US calls an enemy is my friend", there was outrage from the Left. [...]

Days ago, Iran's Supreme Leader, Ayatollah Khamenei, issued calls for protesters in the US and Europe to stop the Israeli military in Gaza. UK: Illegal English Channel crossings soar to 'record high' despite repeated government promises to stop them

The UK government issued a statement in response to the boat crossings: We all want to end dangerous small boat crossings, which threaten lives and undermine our border security. The people-smuggling gangs do not care if the vulnerable people they exploit live or die, as long as they pay. We will stop at nothing to [...]

Egypt could lose billions in American aid if it refuses Trump's Gaza plan

Trump's threat might well work, since the United Nations High Commissioner for Refugees (UNHCR) just suspended nearly all medical aid to Egypt, due to its own funding issues. And here's why: Much of the funding for the African Centres for Disease Control and Prevention and regional governments has been lost due to the decision by [...]

The EU's New High Representative for Foreign Affairs Kaja Kallas' Old Mistakes

Things are looking up for Israel at the EU. The anti-Israel Josep Borrell is now gone. He has just now been replaced as the EU's High Representative for Foreign Affairs and Security Policy by Kaja Kallas, the former president of Estonia known for her warm attitude toward Israel. However, despite her personal warmth, Ms. Kallas [...]

Iran intensifies surveillance on women to enforce hijab law, using drones and apps

All freedom fighters in Iran are in danger, but female dissidents are particularly heroic and vulnerable because they face additional crackdowns and violence due to their gender. The Qur'an commands full coverings for women (Quran 24:31, Quran 33:59), allows husbands to beat and otherwise discipline (Qur'an 38:44, 4:35) their wives, and even rape (Qur'an 2:222) [...]

Gaza: Hundreds protest against Hamas, call for end to war, but don't call for release of hostages

These people don't like Hamas, but that doesn't mean that they're willing in the slightest degree to accept the existence of the Jewish state. "Hundreds in Gaza join rare protests against Hamas rule, call for an end to the war," by Nurit Yohanan, Times of Israel, March 25, 2025: Hundreds of Palestinians protested against Hamas [...]
