MUTH'S TRUTHS

(Chuck Muth) – Nevada U.S. Sen. Jacky Rosen was recently quoted as saying about Elon Musk and DOGE...

"We don't know what he's doing there, but we need to demand he gets the hell out. Nobody elected him and nobody trusts him."

Now do Anthony Fauci.

Fact is, America elected Donald Trump. And Donald Trump appointed Elon Musk. And we all know EXACTLY what he's doing there because he announces it to the public in real time.

And what's he doing? Saving taxpayers money!

I trust Elon Musk. I do NOT trust Jacky Rosen.

In other news, the *Las Vegas Review-Journal* reported this morning that “Dozens gather near Lake Mead to protest National Park Service job cuts.” It continued...

Chuck Muth, a Republican strategist and president of Citizen Outreach, a Las Vegas conservative organization, told the Review-Journal he understands why some are upset at the federal downsizing, but that it's necessary.

“Government spending has been bloated for a long time and Congress has done basically nothing about it,” Muth said. “There had to be a change. I understand how this can upset some, but I didn't see any protests when people in the private sector were losing their jobs during COVID. Welcome to the real world.”
