

Michelle Obama Responds to Divorce Rumors, Stops Short of Denying They're True

FDA Admits mRNA ‘Vaccines’ Spread to Unvaccinated Through ‘Shedding’

The Food and Drug Administration (FDA) has admitted that unvaccinated people are at risk of Covid mRNA "vaccine" side effects, such as cancer and sudden death, due to "shedding" from those who received the injections. The FDA confirmed that the so-called "crazy conspiracy theories" about "vaccine shedding" are, in fact,...

Trump Orders 1 Million Biden-Era Migrants to Leave 'Immediately' or 'Face the Consequences'

President Donald Trump has issued an ultimatum to the roughly one million migrants who were allowed to live in the country during the Biden administration. Since January 2023, former President Joe Biden's administration has allowed more than 900,000 migrants to remain in the country using the CBP One app. The...

Supreme Court Refuses to Hear Challenge to New York's Ban on Concealed Carry in 'Sensitive Locations'

The U.S. Supreme Court has refused to hear a challenge to New York's ban on concealed carry firearms in certain "sensitive locations." The decision comes on the heels of another favorable ruling for gun control advocates last month, Breitbart reported. The ban was enacted following the landmark 2022 Bruen decision...

Trump Fires 'Woke' NATO Admiral for Spreading Leftist Ideology.

President Donald Trump has fired a top NATO admiral accused of spreading leftist ideology. The Pentagon confirmed that Vice Adm. Shoshana Chatfield was let go over the weekend as Trump continues a purge of "woke" officials. Pentagon spokesman Sean Parnell said Chatfield was removed "due to a loss of confidence..."
