#### **Joe Lombardo Stands Tall While Aaron Ford Tries to Turn Nevada into California 2.0**

*(Chuck Muth)* – By now you've probably heard the rumbling about immigration policies in Nevada. At the center of the dust-up are Governor Joe Lombardo and Attorney General Aaron Ford.

If you're wondering who's standing up for common sense and who's trying to turn Nevada into California Jr., let's break it down.

Background: What's This All About?

Back in 2021, when Democrats ran the show, they passed a law called AB376. It told the attorney general (at the time, Aaron Ford) to whip up some “model” immigration policies for law enforcement, courts, schools, and hospitals.

These policies were supposed to be “suggestions,” not rules.

Fast forward to today: Ford released a 72-page playbook that, surprise-surprise, leans heavily toward letting illegal immigrants off the hook unless they’re caught committing a violent crime or something huge like terrorism.

Governor Lombardo, being the straight shooter he is, isn’t buying it. He’s made it clear: Nevada follows federal law. Period.
