NEVADA NEWS & VIEWS

National

Nevada Assemblywoman Torres-Fossett (D-EI) – or as I call her, “Selena” – might very well be the “AOC of Nevada.” Indeed, she’s not exactly the brightest bulb on the Christmas tree.

Over the weekend, Erica Neely of the Hispanic Latin Alliance re-posted a tweet of Border Patrol agents in Los Angeles busting an Iranian human trafficking ring.

You’d think this was something we all could be happy about. But Little Miss Sunshine was not amused.

“Immigrants make this country great,” Selena tweeted.

This is standard operating procedure for the open borders crowd on the left. They refuse to make the distinction between legal immigrants - who stood in line and followed the rules to come to America - and those who break in unlawfully.

FAMOUS LAST WORDS

“(Supreme Court Justice) Ketanji Brown’s embrace of protester jingoism over the ‘legalese’ of the United States Constitution demonstrates the inherent cancer of DEI nominations to the courts. When Biden decreed he would only nominate a “woman of color,” he forgot that nominee would also need a brain.” - **@RealJamesWoods**

“Trump talks about immigration without explicitly talking about brown people, and is called racist. (NYC Democrat mayoral nominee) Zohran (Mamdani) talks explicitly about taxing white people, and is celebrated for it.” - **@thatsKAIZEN**
