MUTH'S TRUTHS

Nevada Democrats - whose "leaders" in DC shut down the federal government and have voted "no" 14 times to reopen it - now want Nevada taxpayers to cough up \$136 million to pay for the food stamps that Democrats in DC are holding up. Not just no. Hell, no. Democrats made this mess. If people are "starving," Democrats are the ones who took food from their mouths. And they can end this circus and fill bellies tomorrow by simply voting to re-open the government. Just as Nevada Democrat Sen. Catherine Cortez Masto has already done.

There's absolutely no reason to raid the Nevada taxpayers' cookie jar and reward the DC Dems' temper-tantrum. If they really care about "starving" people (they don't - they just want to score political points against Trump), they can vote to immediately re-open the government. This isn't an "emergency." This is a Democrat-caused mess that never should have happened. And it can be ended tomorrow. They have the power to do so. Nevadans should not give in to their extortion and bail them out. **NEVADA NEWS & VIEWS**
