Americans should be thanking Congressman Randy Fine (R-FL) (affectionately known as the Hebrew Hammer) for standing up for man's best friend after a Muslim activist proclaimed dogs would not be welcome in non-secular New York City because they are unclean. Instead, Democratic politicians are screeching for his resignation, calling him a bigot for telling the truth. Shocking.

Sharia law is a clear and present threat to the United States.

The call to prayer is being blasted in New York City.

Muslim activists are calling for dogs to be killed.

Giant mosques are popping up all over Texas and Florida.

We have to do something about this threat, and that's why I'm proud to be on the Sharia-Free America Caucus.

A major Muslim leader in NYC is calling for dogs to be forbidden because they “bother some Muslims.”

If Mainstream Muslims make us choose between keeping our dogs and them going home, the choice is easy.

Fine defends man's best friend

The knee-jerk attacks came after Fine reacted to New York-based Hamas-supporting Muslim advocate, Nerdeen Kiswani, who tweeted, “Finally, NYC is coming to Islam. Dogs definitely have a place in society, just not as indoor pets. Like we’ve said all along, they are unclean [“najis”].”

Its going to be AMAZING when Jake Tapper has Kiswani on CNN:

- Founded WOL (basically SJP-NYC).
- Calls for intifada.
- Calls for a “final solution” to Israel.
- Rape denier.
- Supports Hamas (Izz al-Din al-Qassam Brigades are the armed wing of Hamas).

Unfortunately Rashida Tlaib repeated the lies about Palestinians committing sexual violence on October 7th, the same lies used to

At these “protests” they proudly support Hamas. They wear Hamas headbands, scream “long live Hamas”, and wave Hezbollah flags.

She has since deleted the tweet and claimed it was a joke despite it being a direct comment referring to the November election of Islamo-communist Zohran Mamdani as mayor. She even called Fine “genocidal” over the comment.

Randy fine posted this genocidal statement about me. Thing is, no one is forcing you to choose. He's just like the millions of other racists hounding me this past week, looking for a reason to be Islamophobic.

Just replace Muslims with any other religion and ask if this is ok.

Regarding the canine controversy in New York City: [@NerdeenKiswani](#) claims this was some sort of joke. It was not. There was no "haha" or "lol." She stated emphatically that dogs are unclean. And based on the current trajectory of our nation it's not unreasonable for dog owners to wonder if their days are numbered in the Big Apple.

Fine's responses to her tweet, including an iconic "Don't Tread on Me" graphic with a puppy in it, evidently hit a nerve with the Islamist.

"Lmao at the Zionists frothing at the mouth at this, thinking they're doing something. It's obviously a joke I don't care if you have a dog, I do care if your dog is shitting everywhere and you're not cleaning it," Kiswani responded.

Fine nailed her on her claim, tweeting, "If they force us to choose, the choice between dogs and Muslims is not a difficult one."

He wrote in a follow-up post, "For context, this is the leader of one of the key mainstream Muslim groups that supported Mamdani," referring to Zohran Mamdani, New York City's new mayor.

Kiswani told [NBC News](#) that Fine has a "documented pattern of dehumanizing Palestinians and Muslims" and said that "there has been a troubling pattern in which anti-Muslim and anti-Palestinian rhetoric from elected officials has not been met with the level of accountability we would expect if almost any other community were discussed this way."

Cries of bigotry and racism from leftists

The massive meltdown on the left began immediately as raging cries of bigotry and racism were uttered over and over and over again by the same communist talking heads we have all come to abhor.

“We must call this what it is. Disgusting bigotry,” Rep. Ro Khanna (D-CA) railed. “Fine must be censured.”

We must call this what it is. Disgusting bigotry.

Fine must be censured. It's about morality and decency, not politics.

Thousands of X users hammered Khanna, informing him that he had totally taken Fine’s post out of context.

Khanna then, of course, doubled down, “Taking an alleged comment by one person and attributing it to everyone who shares that person’s faith is the definition of bigotry. And prior to hurling more insults, you may wish to re-read Genesis 1:27 that all humans are made in the ‘image of God.’”

You really want to make common cause with those who want to ban Americans from having dogs?

I look forward to the debate. Bring it. x.com/rokhan...

Fine snarked back:

An alleged comment? IT WAS IN WRITING, POSTED TO X, AND SEEN MILLIONS OF TIMES BEFORE I RESPONDED.

Perhaps you should have read it before you started spouting off like an idiot.

As for quoting the Torah, you're forgiven as it is not your faith, but in that same chapter — Genesis — G-d also created dogs. They are man's best friend for a reason.

You've successfully put yourself on the 10 side of a 90-10 issue. Congrats. I'll debate this one all day.

AOC WITH MORE PROFOUND FUCKING IDIOCRACY...

We choose the dogs.

Every goddamn time.

Forever.

Randy Fine dropped a nuke of raw honesty and you parasites are melting down because someone finally said the quiet part out loud.

An ideology that calls dogs “najis,” that treats man’s oldest, most faithful ally like radioactive filth while its followers scream for our submission...that ideology can go straight to hell.

We don’t negotiate with 7th-century savagery dressed up as “diversity.”

We don't bow to a creed that stones homosexuals like me, that slices up little girls' genitals in the name of "modesty," that cages women in cloth prisons and calls it virtue.

You want to import that barbarism and lecture us about "tolerance"?

Fuck you.

We choose the dogs.

Psychologically, you people are a walking case study in civilizational suicide.

This isn't just cowardice...it's pathological self-annihilation.

You hate the West so much that you'll grovel to its most vicious enemies just to prove how "enlightened" you are.

It's masochistic narcissism: you get off on betraying your own culture, on watching it burn, because it makes you feel morally superior while the flames lick your feet.

Classic Stockholm syndrome fused with narcissistic virtue...textbook death drive.

You're not progressive; you're regressive traitors cosplaying as saviors while selling the rope that will hang us all.

History is a blood-soaked warning you ignore because it's inconvenient.

Persia...cradle of civilization...conquered, renamed, forcibly converted.

Byzantium, the eastern bulwark of Christendom, reduced to Hagia Sophia with a minaret stuck on top like a middle finger.

North Africa, once the breadbasket of Rome and home to towering Christian thinkers, now a desert of theocracy.

Spain groaning eight centuries under the Moorish boot until the Reconquista clawed it back.

India carved up in rivers of blood during Partition.

Lebanon, the Paris of the Middle East, turned into a Hezbollah war zone.

Every single time the pattern repeats: infiltrate, demand concessions, outbreed, dominate, erase.

Dhimmitude isn't coexistence...it's slow extermination with a smile and a tax.

You think this is just about dogs?

It's the opening salvo.

First the pets are "unclean," then music is haram, then alcohol, then women's faces, then gay people like me swinging from cranes.

You're normalizing it step by step because you're too spineless to fight.

You'll cry "Islamophobia" while actual phobias...fear of dogs, fear of music, fear of freedom...get a free pass under "cultural sensitivity."

We choose the dogs because dogs represent everything your imported death cult hates: loyalty without submission, love without conditions, joy without fear.

Dogs don't demand you pray five times facing Mecca.

Dogs don't riot when someone draws a cartoon.

Dogs don't throw acid in little girls' faces for going to school.

So take your fake outrage, your committee letters, your resignation demands, and shove them up your treasonous asses.

We choose the dogs.

We choose freedom.

We choose the West...flawed, yes, but infinitely superior to the medieval hellhole you're simping for.

We will defend our way of life with feral, unapologetic fury.

Touch our dogs, touch our culture, touch our freedom...and we will bury you in the rubble of your own delusions.

We choose the dogs, bitches.

Deal with it.

Jennifer Jenkins, Fine's November opponent, attempted to capitalize on the tweet – and failed, “I’m running to kick that bigot out of Washington.”

Let's kick the bigot out of Washington

"This is what it looks like when Islamophobia and outrage are the only two items on your political agenda," Rep. Rob Menendez (D-NJ), a Democrat who has no shame whatsoever, stated.

Rep. Rob Menendez

@RepMenendez

This is what it looks like when Islamophobia and outrage are the only two items on your political agenda.

@SpeakerJohnson, a member of your conference is consistently making hateful, dangerous statements. As a Christian, are you not obligated to love all your neighbors and speak out against this hateful rhetoric? Or will you continue to remain silent?

House Minority Leader Hakeem Jeffries (D-NY) issued a statement calling Fine "an Islamophobic, disgusting and unrepentant bigot."

“It is unacceptable that Mike Johnson and House Republicans continue to remain silent. Their casual acceptance of hateful and divisive language enables this out-of-control behavior. Republican leaders must hold this so-called Member of Congress accountable,” he dishonestly kvetched. “Political violence, xenophobia and hate crimes against the Muslim community are on the rise. House Democrats will not let the racist and bigoted behavior of Randy Fine go unchecked. Accountability is coming to all of these sick extremists when the gavels change hands in November, if not sooner.”

Rep. Robert Garcia (D-CA) called the tweet “disgusting Islamophobia and dangerous bigotry,” adding that “he should be forced to resign” after his committee assignments are stripped from him.

@RepRobertGarcia

This is disgusting Islamophobia and dangerous bigotry from Rep. Fine. Speaker Johnson should strip him of all committees and assignments and he should be forced to resign.

I hope those that elected him are repulsed by his words and actions.

 **Congresswoman Yassamin Ansari**  ⚡ ...
@RepYassAnsari

If anyone said something this vile in any workplace, they’d be fired.

Randy Fine has repeatedly dehumanized Muslims without consequence. It’s unacceptable and should not be normalized by Congress.

[@SpeakerJohnson](#) should reprimand him immediately. And if Fine cannot meet the most basic standard of human dignity, he should resign.

Fine did an interview on Newsmax, not backing down in the least, “It’s not enough for Democrats to think anyone who wants to come here illegally should be able to do that. They also think they should be able to get whatever free stuff they want. Now they’re demanding that we change our values and how we live as Americans.”

Muslims started bleating as well over the comment, including Egyptian-born Muslim journalist Mehdi Hassan, who called the comment “genocidal Rwandan rhetoric” and said that Fine intimated that “Muslims are lower than dogs.” That is totally dishonest propaganda – it’s just more Islamic taqiyya to smear a Jewish congressman. Let me say this once, and slowly for you: nearly 20 years ago in my 20s, I quoted a Quranic verse referring to people behaving unthinkingly like herds of cattle. Unlike you, I apologized for my offensive remarks long ago and have spent my career since arguing for equality and against racism.

You, in your fifties and as a sitting member of Congress, are suggesting right now that Muslims are lower than dogs. You have equated all Palestinians with terrorists and evil. You have publicly rejoiced at images of dead Gazan babies. If you want to apologize for all this, and show true remorse, please do. Anytime.

Otherwise, until then, you remain a sick genocidal sociopath and the entire world can see it.

New York City is awash in escalating crime and lawlessness as the call to Islamic prayer is blasted through its streets as early as 5 a.m. now. New Yorkers are having extreme buyer's remorse, but what did they expect? You get what you vote for.

Thank you to the amazing Congressman, Randy Fine [@RepFine](#) for standing up for our four legged friends!

I don't trust anyone who doesn't like dogs. Period!

For those of you who do not know...

Dogs are considered haram (forbidden) in Islam as they are regarded as impure or dirty.

Muhammad detested dogs—to the point of calling for their extermination. According to Abdullah bin Omar, as recorded in the sahih (authentic) hadith collection of Sahih Muslim:

"The Messenger of Allah used to order the killing of dogs, so we used to send [men] to Medina and its adjoining vicinity, and we spared no dog but rather killed it."

Additional references from canonical hadith collections:

Bukhari, Vol. 4, #540: “Mohammed ordered that the dogs should be killed.”

Abu Dawud #2839: “Were dogs not a species of creature, I should command that they all be killed. But kill every pure black one.”

Muslim #055: “Mohammed ordered the killing of the dogs but granted a concession to keep the dog for hunting and (security) of the herd, and added, ‘When the dog licks the utensil, wash it seven times, and rub it with earth the eighth time.’”

Muslim #3813: “It is your duty to kill the jet-black (dog) having two spots (on the eyes), for it is a devil.”

Muslim #5248: “Angels do not enter a house in which there is a dog or a picture.”

Dogs are family ❤

ANOTHER ADHAN BLASTS THROUGH NYC STREETS....

This is the sound of conquest echoing in New York City RIGHT NOW.

The Islamic call to prayer (Adhan) is being amplified louder and more aggressively - starting as early as 5 AM - invading homes, neighborhoods, and the once-proud skyline where thousands were murdered on 9/11 in Islam's name.

Listen to this new video I just received: The blaring Adhan dominates the streets, forcing every resident - Christian, Jewish, atheist - to hear the declaration of Islamic supremacy multiple times a day.

Under leaders like Eric Adams (who greenlit loud broadcasts for Fridays & Ramadan) and now the push under jihadi Zohran Mamdani's influence - this isn't "religious freedom." It's dawah from City Hall.

It's submission. It's the next stage.

They don't need planes anymore. They're conquering with sound, policy, and silence from those who should defend our values. New York is falling - one amplified "Allahu Akbar" at a time.

Residents in this area of Manhattan, New York, are completely shocked to hear an Islamic call to prayer blasting on high-volume speakers as they walk down the street.

"I never thought in my life I'd hear this in the middle of New York."...

Mess around with Americans' dogs, and you've crossed a line... and Islam wants to do just that.
