MUTH'S TRUTHS ANNOUNCEMENT

In light of what appears to be a coming loss for President Trump at the Supreme Court over birthright citizenship, Citizen Outreach Foundation is launching today a new project to bring the issue more attention without the left-wing hysterics.

Even if the President prevails and his executive order is upheld by SCOTUS, a future president will be able to cancel it out with the stroke of a pen on Day One of the new administration.

The only way to PERMANENTLY fix this loophole and stop "birth tourism" is a constitutional amendment. And we're preparing to launch a national online petition calling on Congress to do just that.

In the meantime, "Citizenship Report" was launched today. It'll be similar to *Nevada News & Views* in content, but dedicated specifically to the birthright citizenship issue.

Check it out here: <https://citizenshipreport.org/>

The petition link at the top doesn't work yet because we're still finalizing the language and developing the site. But if this is an issue you're interested in, go ahead and sign up for e-mail updates and breaking news.

Cheers.
