MUTH'S TRUTHS

Ralston Sputters and Pouts

Mark Robison of the Reno Gazette-Journal [wrote an article today](#) about our successful lawsuit against the Nevada Secretary of State for withholding public records related to a voting fraud investigation our [Pigpen Project](#) uncovered.

In liberal blubber-blogger Jon Ralston's little personal "Flasher" newsletter this morning, he pooh-poohed the judge's decision ordering the release of the records, and wrote:

"I have no idea why any journalist still takes Chuck Muth seriously."

It's good to know I continue living rent-free in this guy's skull full of mush.

But don't be too hard on him.

He's just mad because I'm a better writer than he is (despite only having a high school diploma vs. his Ivy League degree), that I originally founded what is today his "Nevada Independent," and because I publish a better news site than he does - for a fraction of the cost.

Green with envy. It eats him up every day. Hope he gets an ulcer.
