## FAMOUS LAST WORDS

"I've stood in the back of a tractor trailer with 19 dead people at my feet, including a 5-year-old boy—they all baked to death. I got to the crime scene, they're all their underwear, trying to get some relief from the 170 degree heat in the back of steel truck with no air. Think of the way these people died. I've gone on my knees to talk to little girls as young as 9, that were raped multiple times by members of a cartel... That's what happens when you have an unsecure border. Well guess what — there's no little 9-year-old girl right now that anybody's getting on their knees and talking to because President Trump has closed the border down." - **Border Czar @RealTomHoman**
