

Abdul El-Sayed Hates 4th of July Fireworks and Football, Loves Sharia

“Most Islamic scholars would agree that such apostates should be killed”
Everyone loves fireworks on July 4th. Or well everyone who loves America, anyway. That may not include the man from Dearbonistan. Michigan Democratic Senate nominee Abdul El-Sayed once asked his YouTube viewers whether Americans could “PLEASE” find another way to celebrate the Fourth of July, in [...]

A Little Girl Gets on a Bus

Amid ongoing wild claims about a “Greater Israel,” Rabbi Areyah Kaltmann, the executive director of Chabad in Columbus, Ohio, nearly a year ago beautifully enunciated what Israel is fighting for, and what victory would look like. The full text can be found here: “The Ultimate Victory: A Six-Year-Old Oct. 7 Victim’s Answer to Terror,” by [...]

UK Home Office minister says barracks will house additional 1,500 illegal migrants

Home Office Minister Anna Turley’s approach is to tell the taxpaying public how fortunate they are that illegals (mostly Muslims from Africa and the Middle East) will be housed in barracks instead of in costly taxpayer-funded hotels, a sickening practice that Labour says it will phase out by 2029, two and a half years [...]

You Don’t Have to Be Jewish to Love Israel

In 1964, the advertising firm of Doyle Dane Bernbach came up with a slogan for Levy’s Rye Bread that appeared everywhere on the New York Subway system: “You don’t have to be Jewish to love Levy’s.” And above those words were photographs of an Irish cop, a Chinese man, a black boy, an Italo-American cook, [...]

UK: Muslim trainee police officer charged for kidnapping and rape

If anyone had queried Mohammad Hassan’s being hired as a trainee for any valid reason, he or she would have been called “Islamophobic.” The high incidence of Muslims raping girls and women in Britain does not, of course,

warrant suspecting every Muslim, but it does warrant questions about the high rates of rape among this [...]

230 Migrants Invade UK in Biggest ‘Small Boat’ Ever

Ceuta in slow motion. The Ceuta invasion by Muslim migrants shocked the world, but the same kind of invasion in slightly slower motion has been happening across Europe. When 70,000 migrants invade a country in a few days, it’s a crisis, but when it’s only 1,000 a day, it’s seen as business as usual. The [...]

Canada: Imam says ‘The Muslims, it is their duty to expel the Jews from Palestine, because it is an Islamic land’

Kathrada doesn’t say that Palestine is “Palestinian” land, or even Arab land. Either one of those would have made sense within the prevailing Western assumption that the conflict between Israel and the “Palestinians” is over competing claims to the same parcel of land, and a “two-state solution” would fix everything. Instead, Kathrada insists that Palestine [...]

And the NYPC responded to this demand: “absolutely not.” More on Mamdani’s attempt to have New York City taxpayers pay for security for his wife, Rama Duwaji, during her strictly private trip to visit relatives in Syria and Lebanon can be found here: “Red-faced Mamdani blames his staff after NYPD denies NYC’s first lady Rama [...]

Pakistan: Religious minority groups protest amid escalating discrimination and persecution of non-Muslim communities

If Islam were really what the Western political and media elites insist that it is, this demonstration would never have been held, as no one would ever have thought it necessary. Religious minorities in the Islamic Republic of Pakistan would enjoy full equality of rights in a paradise of tolerance and multiculturalism. Instead, non-Muslims in [...]

Canada: Muslim migrant charged in murder of his Hindu girlfriend

There is, of course, domestic violence in all cultures. So to post this is just “Islamophobic,” right? Wrong: there is domestic violence in all cultures, but only

in one does it have divine sanction. Islam doesn't teach that man may kill his wife, but once you've allowed him to beat her, accidents will happen. The [...]
